

NodeJS, Express & MongoDB

Server Side Javascript #FTW

Agenda

- Getting NodeJS Installed
- Basic Server Side Javascript
- Creating A Web Server
- Creating A REST Endpoint
- Storing & Creating Data in MongoDB

Why NodeJS is winning

- It is a { } language
- It is a dynamic language
- Everyone already knows **some** JavaScript
And most think they know more than they do

Installing NodeJS

- Installing NodeJS
 - <https://nodejs.org/en/>
- Accessing NPM
 - <https://www.npmjs.com/>
